## Cuba's Insurrection and Two Of the Means of Checking It

Photos by American Press Association.

ONCE again the United States government has been obliged to make preparations to "keep the lid on" in Cuba and has dispatched a strong squadron under the command of Rear Admiral Osterhaus, with the armored cruiser Washington as his flagship, to land marines at Guantanamo and to take such steps as may be necessary to safeguard American interests. Under the provisions of the Platt amendment the United States has "the right to intervene for the preservation of Cuban independence and the maintenance of a government able to protect life, property and individual liberty." The Cuban government has protested its ability to put down the negro insurrection with its regular and volunteer forces, which include many of the men who fought against the Spaniards in the war of liberation. The Washington is shown in the upper photograph, a detachment of the regulars in the lower.

SPEAKER FERRERA SEES KNOX

Speaker of Cuban House of Representatives Gives President Gomez's Version of Negro Uprising and Says Reports Much Exaggerated. Is Given Assurance That Military and Naval Demonstration Is Not For Purpose of Intervention.

Washington, June 11.—That the non-interference policy of the United States has not changed, was the tone of the message conveyed to the Cuban by Secretary Knox through the speaker of the Cuban house of representatives. At the time of the interview the warships Rhode Island and Washington were dropping anchor in Havana harbor and dispatches were telling of an attack by negro rebels on American marines.

Osteros Ferrera, speaker of the Cuban house, who has come here as the personal representative of President Gomez, Secretary Knox listened to a presentation of the Cuban view of the situation in that republic. Mr. Knox declared that the United States is not now contemplating intervention in Cuba, but hopes and believes the Cuban government will be able to suppress the insurrection. The battleships were sent, the secretary explained, solely to provide some place and means of safety and protection for Americans and other foreigners in the event of disturbances that might seriously menace their safety.

Speaker Ferrera said his mission in Washington was to lay the situation before the Washington government in the light in which it is

viewed by the Cuban government. The speaker then sketched conditions in the island, drawing a much softer picture than has been presented to the state department through other channels.

Only One Disturbing Item.

The report of the attack upon Company A of the marines at El Cuero was the only disturbing item in the grist from Cuba. There were no casualties among the marines and the rebels were repulsed, according to dispatches received here. Only about 100 shots were fired.

Startling as the fact that American arms have been attacked, the incident did not cause even a flutter when communicated to the state department. Not a word was vouchsafed indicating any opinion in official quarters that the incident called for any departure from the present policy of non-intervention.

There was a great deal of talk of the possibility of sending Secretary Stimson or Major General Wood to Cuba to settle the whole situation by negotiating between the contending parties.

## Both Sides Good Claimers In Mexico War

El Paso, Tex., June 11.—"We have the rebels bottled up at Chihuahua and below Torreon so that they can not possibly escape"—federal statement.

"We have the federal army of General Huerte bottled up between Chihuahua and Torreon, starving, subsisting on horse meat and discussing surrender"—rebel statement. These are the claims of the respective sides now battling for supremacy in northern Mexico.

CONTEST IS TAME AFFAIR

Roosevelt Members of Republican National Committee Quietly Acquire In All Contests Save One. California's 26 Delegates, With Two Exceptions, Are Assured to Roosevelt After Interchange of Words. Talk of Bolt Declared Foolish.

Chicago, June 11.—With the exception of the two delegates from the Fourth district, the 26 delegates from the state of California to the Republican national convention will cast their votes for Roosevelt. The 12 contested delegates from Indiana, including the four delegates-at-large, were awarded to President Taft, as a result of the work of the Republican national committee. This makes 84 contested delegates so far decided in favor of President Taft by the national committee, as he secured 48 from this source on Saturday last and 24 on last Friday.

Senator Dixon declared that the Roosevelt members of the committee would fight to the death on these Indiana cases. And yet when the question of seating the delegates-at-large from Indiana came up, every member of the national committee voted in favor of the Taft-New delegates. Not only were the Taft delegates-at-large seated in Indiana, but the Roosevelt committee members permitted the seating by viva voce votes of the Taft delegates in the First Indiana district and the Third district, while in the Fourth district the Roosevelt contestants did not put in an appearance and it was announced they had withdrawn. The only contest from Indiana which the Roosevelt committee found any merit at all in was over the two delegates from the Thirteenth district, and in this instance the Taft delegates were seated by a vote of 36 to 13.

Roosevelt People Scent Danger.

The expectation was strong among the Roosevelt forces that the 26 delegates from California were to be turned over to the Taft side. When the state of California was reached last Friday it was passed over and was the first question taken up when the committee met. At the outset a request was made that the Arizona contests go over until tomorrow, and this was agreed to, but David W. Mulvane thought that when a state was not ready when reached it should go to the foot of the calendar. The Roosevelt people scented danger in this move on the part of the Taft people to the Roosevelt delegation from California if that state's contests were put at the foot of the calendar and not acted upon until perhaps the day before the convention convenes on Tuesday of next week.

George A. Knight, who represented California on the national committee, objected, declaring he hoped there was no truth in the reports that the consideration of the California case was to go over and that the Roosevelt delegates were to be unseated later.

"If this case goes over," said Mr. Knight, "it will confirm a belief in some quarters that possibly decisions of this committee are determined elsewhere. Now, why juggle with a proposition of this kind as men? Why put this thing off? It will leave a bad taste in the mouths of the people of this country to throw the Roosevelt delegates out. You had better not do it. This is no threat. No, but it is for the good of the Republican party."

Chairman Rosewater then announced the contest of the district delegates in the Fourth California district, remarking that the committee at present had no knowledge of other contests in that state.

Senator Mulvane then withdrew his motion sending postponed cases to the foot of the calendar. Then Senator Borah, the Roosevelt leader in the national committee, promptly moved that all of the 26 delegates from California except the two in

## EIGHT KILLED BY MAD AXMAN

Ax Used to Crush Skulls of Entire Family.

Villisca, Ia., June 11.—Eight people—an entire family, and two women visitors—were found dead, their heads crushed with an ax, in the home of J. W. Moore, a prominent implement dealer.

The dead: J. W. Moore, 42; Mrs. J. W. Moore, 40; Herman Moore, 11; Catherine Moore, 9; Floyd Moore, 7; Paul Moore, 6; Miss Edith Stillinger, 20; Miss Blanche Stillinger, 17.

The discovery was made by a neighbor, who found the entire family dead in their beds, their heads beaten to a pulp. There was no sign of a struggle, all of the victims having been killed in their sleep.

In the up stairs room, lying across the bed, the forms of Floyd and Paul, two little sons, were huddled. Beside them the neighbors found the blood-stained ax.

The police of the state and the surrounding country have been notified to seek John Van Gilder, former husband of Mrs. Moore's sister. It is believed by the police that he may have some knowledge of the perpetrator of the crime.

Ohio Athletes Selected.

Columbus, O., June 11.—Clement C. Cooke, Ohio State university student and a Columbus boy, was selected as a member of the Olympic team that will compete at Stockholm in July. Cooke came home from the Chicago tryouts and left this morning for New York, where he will engage in the big meet at the Polo grounds tomorrow. Forty-eight hours later he will sail for Europe along with the other American athletes on the specially chartered ship Finland. Garnett Wykoff, another Ohio State athlete, has also been picked as a member of the team.

## Welcome Eagles

Harmon Speaks in Highest Terms of Fraternal Organizations.

Columbus, O., June 11.—Preliminary to the business sessions of the state convention of Eagles, which will occupy today, tomorrow and Thursday, addresses of welcome were made at a public meeting held at Memorial hall by Governor Harmon and Mayor Karp and responses were made by State President M. A. Hyde of Marietta and National President Frank E. Hering of South Bend, Ind. John McBride acted as master of ceremonies.

Governor Harmon said that one of the joys of living in Columbus has been the privilege of meeting and greeting so many conventions. He spoke in high praise of fraternal organizations in general. "A man has not done his duty to family or the community unless he has cast his lot with one of these great organizations," he said.

The business sessions are being held in the Eagles' new hall. Election of officers will take place tomorrow and the big parade of the convention will be held Thursday evening.

## Jay W. Yates Noted Crook Apprehended By Sleuths

Alleged Postal Swindler Did Not Go Down With Titanic.

Columbus, O., June 11.—Jay H. Yates, alias J. H. Rogers, of Findlay, O., alleged confidence man, who was reported to have lost his life with the sinking of the Titanic, is under arrest at Baltimore, Md., by United States authorities, for cashing false money orders in Columbus and other cities, according to a telegram received by Postmaster Krumm from Postoffice Inspector Oldfield.

Yates, whose home is at Findlay, is alleged to have stolen a batch of money order blanks in Washington, D. C., in 1909 and to have cashed a great many of them throughout the country. He cashed 27 for \$100 each at the Union National bank.

Following the Titanic disaster a story was given out in New York that Yates was one of the victims. A woman survivor had a slip of paper on which was written a note purporting to be from Yates or Rogers asking that his sister, Mrs. F. J. Adams of Findlay, be notified if he was not saved. His relatives at Findlay mourned him as dead, but the federal authorities did not give up the search for him, and landed him in Baltimore.

House Rejects Amendments.

Washington, June 11.—The house refused to concur in the senate amendments to the Underwood metal revision bill proposing the repeal of the Canadian reciprocity act and imposing a duty of \$2 a ton on paper.

Police Thwart Attempt to Muss Up Waldorf-Astoria.

WAITERS IN FIGHTING MOOD

Foreign Element Takes Advantage of Mayor Gaynor's Dinner to Visiting German Naval Officers to Make Demonstration, but Badges Gave Snap Away and Minions of the Law Rustled Bunch to Police Stations Before Any Damage Was Done.

New York, June 11.—Quick work was made by the police of an attempt on the part of the Greco-Italian-German section of the striking waiters to brickbat the windows of the Waldorf-Astoria hotel and to otherwise muss up the famous hotel. The police got wind that something of the sort was in the air and were ready for business about the time the hotel was ready to serve dinner.

It was the occasion of the mayor's dinner to the officers of the visiting German squadron and other distinguished guests. The lobby and corridors of the hotel were crowded and the setting was just right for any little old job of this particular kind. On the Thirty-fourth street side of the hotel a small crowd, principally Greeks, were noticed parading either side of the street, displaying cards bearing this legend: "I am A. hotel worker. We are. On strike. Here."

The badge of fraternity was all the identification which the police needed. They galloped right in and nabbed every wearer of a badge in sight, 95 of them. Not a brick was thrown, not a window was broken.

Floataer Found at Dayton.

Dayton, O., June 11.—The nude body of an unknown man was found in the Miami river, near this city. The name in a hat band suggested the identity as that of Edward M. Willard of Franklin.

Governor Reappoints Pomerene.

Columbus, O., June 11.—Frank E. Pomerene of Coshocton, cousin of Senator Atlee Pomerene, was reappointed a trustee of Ohio State university for a term of seven years by Governor Harmon.

## SUNDAY SCHOOL WORKS MEET IN COLUMBUS

State Convention Opened in Columbus This Morning.

Columbus, O., June 11.—The state Sunday school convention opened in Memorial hall this morning with President W. A. Eudaly presiding. Speakers at the opening session were Professor Marcus B. Buell of Boston, Miss Nannie Lee Fraser of Louisville, R. E. Diffendorfer of New York, Mrs. Mary Foster Byner and W. C. Pearce.

This afternoon the first session of the school methods is being held and this evening in Memorial hall Dr. W. O. Thompson and Rev. Luther Freeman will deliver addresses of welcome and Dr. H. C. King, president of Oberlin college, and Rev. I. J. Lansing of New York will speak.

Tomorrow the boys' congress will be held in the First Congregational church and at noon a business men's meeting will be held in the chamber of commerce. Tomorrow evening the big parade with 10,000 men in line will take place, and the convention will close Thursday evening.

The committee on arrangements experienced difficulty in finding accommodations for the 1,700 delegates in attendance, as the hotels are crowded with visiting Eagles, and private citizens were called upon to open their homes to the visitors. Five hundred boys will attend the boys' congress tomorrow.

## PAVING MORE STREETS CONSIDERED BY COUNCIL

Steps Taken to Pave Center of  
Hinde Street From Court to  
Paint Streets.

### NEW METHOD MEETS FAVOR

Pearl Street Will Be Bricked and  
Other Thoroughfares May Be  
Improved With Brick Centers  
16 Feet Wide—Other Affairs  
of Minor Importance Receive  
Attention at Special Session  
of Council.

The special session of Council lasted about one hour Monday night, during which only the most urgent matters were considered, and when a motion was eventually made to adjourn there still remained a number of matters ready for presentation. The joint session of Council and the Union township trustees will be held at the regular meeting of Council next month.

The need of more seats to accommodate the citizens was again apparent.

After the minutes of the last meeting had been read, corrected and approved, Herbert Brownell appeared before the body and asked that immediate action be taken on the paving of Pearl street from Rawlings to Gregg, so that the same contractor who paves Rawlings street could pave Pearl street at the same time.

A petition, in which Henry and Herbert Brownell waived all rights in asking for the improvement, was presented to Council. Messrs. Brownell own the entire property along Pearl street, and while the square to be paved contains not a single residence, the cost will be assessed against the two parties as petitioned for.

To expedite proceedings, the Surveyor had already prepared plans for the Pearl street improvement, and after a resolution was passed declaring it necessary to improve the street, an ordinance covering both Rawlings and Pearl streets was read and passed, so that within a short time the contract for bricking the two streets will be let and the work completed before next winter.

The Market street improvement was taken up, President Light stating that it had developed that by an oversight the ordinance had not been read the third time at the last meeting. It was read the third time and tabled until the next meeting.

Rothrock, as a member of the committee appointed to investigate the feasibility of improving streets with brick centers, stated that further investigation of the plan indicated that it was much better than at first believed, and that the cost of paving a street by using brick would be about 10c per square foot, according to estimates of Frank M. Kennedy, and that the total cost for a 16-foot pavement would be \$1.60 per running foot.

Rothrock further stated that he believed it would be a wise move to pave Hinde street as above mentioned, and that he thought the city should pay for one-half of the im-

provement, owing to the great amount of traffic which passes over the street. He asked the Service Director what he thought of such a move, and the Service Director stated that he had not even considered the proposition, and did not know whether the street could withstand another winter without being cut to pieces.

The plan of issuing \$5,000 in bonds for street improvements was again mentioned by Rothrock. Later he made a motion that the Engineer prepare plans and specifications and the Solicitor the necessary resolution and ordinance for the improvement of Hinde street from Court to Paint, by paving with a 16-foot brick center. The motion carried by unanimous vote.

McLean called for the ordinance covering the South Fayette street improvement, which was carried over from the last meeting in order that some minor changes could be inserted. This was read and passed.

The semi-annual appropriation ordinance was presented and referred to the Ways and Means committee. The annual budget, or estimates of the cost of conducting the municipal affairs for the coming year, was presented by Auditor Pine, and referred to the County Auditor.

Chapman called for the plans and specifications for the Oakland avenue improvement, but these were not ready.

Upon the suggestion of McLean the Circle avenue improvement was carried over until the next meeting in order that the property owners might be conferred with, looking toward paving the center of the street. McLean was appointed to confer with the property owners and report at the next meeting.

Veal asked about the Oak street railroad crossing, and also asked the City Solicitor to look it up and report at the next meeting.

Adjournment was then taken.

## New Superintendent Visits Washington

Superintendent M. V. Hynes, of the C. H. and D. railroad, accompanied by one of the foremost engineers spent a large portion of Tuesday in this city, carefully going over the ground and discussing various features of the road at this point.

Considerable time was spent in going over the site of the contemplated new freight depot, and completing certain details of the plan for the new depot.

The earth removed from the cut made to lay a side-track at the Hamm Fertilizer Company's plant, will soon be spread and will make room for one or more sidings immediately west of South Main street.

## Afflicted Man In Private Sanitarium

Monday afternoon George Giebelhouse was taken to Columbus where he entered a private sanitarium for an indefinite period.

For some time Mr. Giebelhouse showed unmistakable symptoms of aberration, laboring under the hallucination that he had suddenly become very wealthy, and that he had purchased a number of farms, business property, and automobiles.

His condition became very marked Saturday and Sunday and on Monday afternoon he was taken to Columbus and it is believed that with the proper treatment he will soon recover.

Others Will Probably Be Tried  
for Being Implicated in Robbery.

The web of circumstantial evidence indicating that Ollie Downard is the man who took an active part in burglarizing Acton Brothers' Store in Milledgeville on Wednesday night, June 5th, has gradually grown stronger with every step in the trial which has been held before Mayor

Smith.

The trial was resumed at eight o'clock Tuesday morning, and witnesses were introduced by the prosecution who testified that Downard, in company with two other young men, was seen near Milledgeville and in Milledgeville during the afternoon and night on which the robbery was committed.

One of the witnesses stated that he saw Downard and his companions pass the field in which he was at work, and exchanged words with him. J. P. Green, who runs a grocery at Cunningham station, stated that Downard had purchased 10c worth of cakes from him on the evening preceding the robbery. John McMahon testified that he saw Downard at the station in Milledgeville shortly after dusk.

Downard, when placed upon the stand, testified that he was not in Milledgeville and had not been out of the city in that direction on the day previous to the burglary. He also stated that the shoes which he had traded to his brother-in-law, Ollie Williams, had been given to him by Tom Wackman whom he met near the Buck Green house on the morning following the robbery.

He further said that he had told his brother-in-law that he had gotten the shoes in Columbus. One of the

men implicated by Downard, has been arrested. His name is Dick Strattenberger.

When his half brothers, with whom he rooms, were placed on the stand, both of them could not state that Downard had been at home during the night of the robbery, although they usually slept in the same bed. Downard's witnesses could not say they had seen him on the night in question, and little evidence was introduced to counteract the evidence given by others.

At three o'clock Tuesday afternoon Downard was bound over to the grand jury in the sum of \$500 and failing to furnish this amount he was remanded back to jail to await the action of the grand jury.

Dick Strattenberger, who is being held, will be tried for being implicated in the case, the evidence tending to show that he was one of the three men seen in and near Milledgeville. He is still in jail and his case will probably come up tomorrow.

Lee Rankin represented the prosecution, and late in the trial Attorney Carey Baughn was called in to represent the defendant.

## A. B. RANKIN COMMITTED TO THE STATE HOSPITAL

A. B. Rankin, former sheriff of Fayette county and widely known in this and adjoining counties, was tried before Judge Carpenter on a charge of lunacy Tuesday morning, adjudged insane and ordered committed to the State Hospital for the Insane, Sheriff Nelson and Deputy Sheriff O. Nelson taking him to Columbus on the morning train and placing him in the hospital.

For several months the unfortunate man has apparently been brooding over his troubles, and Monday afternoon he became violently insane and threatened to kill his sister, with whom he made his home, south of this city on the Chillicothe pike.

Neighbors were attracted by the commotion and went to the Rankin

home where by much coaxing he was induced to accompany one of the men to this city, and when he arrived Deputy Sheriff Nelson and Patrolman Cogswell placed him under arrest and locked him up in the county jail.

He spent a night raving at fancied enemies, and Tuesday morning his ravings continued. He labored under the hallucination that some one was after him, and that some one was being electrocuted, oft remarking that "they have just electrocuted another man."

Judge Patton being absent, the examination was held before Judge Carpenter of the Common Pleas court.

Rankin was sheriff of Fayette county from 1884 until 1888, serving two terms.

**Pearl Street Will Be Bricked and  
Other Thoroughfares May Be  
Improved With Brick Centers  
16 Feet Wide—Other Affairs  
of Minor Importance Receive  
Attention at Special Session  
of Council.**

The special session of Council lasted about one hour Monday night, during which only the most urgent matters were considered, and when a motion was eventually made to adjourn there still remained a number of matters ready for presentation. The joint session of Council and the Union township trustees will be held at the regular meeting of Council next month.

The need of more seats to accommodate the citizens was again apparent.

After the minutes of the last meeting had been read, corrected and approved, Herbert Brownell appeared before the body and asked that immediate action be taken on the paving of Pearl street from Rawlings to Gregg, so that the same contractor who paves Rawlings street could pave Pearl street at the same time.

A petition, in which Henry and Herbert Brownell waived all rights in asking for the improvement, was presented to Council. Messrs. Brownell own the entire property along Pearl street, and while the square to be paved contains not a single residence, the cost will be assessed against the two parties as petitioned for.

To expedite proceedings, the Surveyor had already prepared plans for the Pearl street improvement, and after a resolution was passed declaring it necessary to improve the street, an ordinance covering both Rawlings and Pearl streets was read and passed, so that within a short time the contract for bricking the two streets will be let and the work completed before next winter.

The Market street improvement was taken up, President Light stating that it had developed that by an oversight the ordinance had not been read the third time at the last meeting. It was read the third time and tabled until the next meeting.

Rothrock, as a member of the committee appointed to investigate the feasibility of improving streets with brick centers, stated that further investigation of the plan indicated that it was much better than at first believed, and that the cost of paving a street by using brick would be about 10c per square foot, according to estimates of Frank M. Kennedy, and that the total cost for a 16-foot pavement would be \$1.60 per running foot.

Rothrock further stated that he believed it would be a wise move to pave Hinde street as above mentioned, and that he thought the city should pay for one-half of the im-

provement, owing to the great amount of traffic which passes over the street. He asked the Service Director what he thought of such a move, and the Service Director stated that he had not even considered the proposition, and did not know whether the street could withstand another winter without being cut to pieces.

The plan of issuing \$5,000 in bonds for street improvements was again mentioned by Rothrock. Later he made a motion that the Engineer prepare plans and specifications and the Solicitor the necessary resolution and ordinance for the improvement of Hinde street from Court to Paint, by paving with a 16-foot brick center. The motion carried by unanimous vote.

McLean called for the ordinance covering the South Fayette street improvement, which was carried over from the last meeting in order that some minor changes could be inserted. This was read and passed.

The semi-annual appropriation ordinance was presented and referred to the Ways and Means committee. The annual budget, or estimates of the cost of conducting the municipal affairs for the coming year, was presented by Auditor Pine, and referred to the County Auditor.

Chapman called for the plans and specifications for the Oakland avenue improvement, but these were not ready.

Upon the suggestion of McLean the Circle avenue improvement was carried over until the next meeting in order that the property owners might be conferred with, looking toward paving the center of the street. McLean was appointed to confer with the property owners and report at the next meeting.

Veal asked about the Oak street railroad crossing, and also asked the City Solicitor to look it up and report at the next meeting.

Adjournment was then taken.

## FUNERAL OF MRS.

### LUCINDA RESLER.

Rev. T. W. Locke conducted impressive funeral services over all that was mortal of Mrs. Lucinda Resler at Grace M. E. church Monday afternoon.

There was a large attendance of family connections and friends, widely represented.

By special request Mrs. Mary Goldsburly Burgett sang, "Face to Face," and a quartet, Misses Jane Saxton, Gladys Locke, Messrs. Maynard Craig, Ralph Strobel, sang two hymns, "On Jordan's Stormy Bank," a favorite of Mrs. Resler's, and "Asleep in Jesus."

Miss Light was the organist. The floral remembrances were very beautiful, a number sent from Mrs. Resler's last home in Columbus, Miss.

A long line of carriages accompanied the only son, Frank E. Resler, and his daughter, to the Washington cemetery for the interment.

Acting as pallbearers were: Messrs. George and Fletcher Zimmerman, of Jamestown; Mr. John David, Sabina; John Carr, Jeffersonville; Messrs. A. P. Kilgore and John Zimmerman, of this city.

Relatives who attended from a distance were: Mr. Fletcher Zimmerman and daughter, Miss Flo., Mr. and Mrs. George Zimmerman, Jamestown; Mr. and Mrs. John David, Mr. and Mrs. Grover David, Sabina; Mr. Clinton Plyley and sons, Edgar and Lindley, of Chillicothe; Mrs. Chas. Putnam, Frankfort; Mr. and Mrs. John Carr and daughter, Ruth; Mr. Wm. Wood and daughter, Maude, Mr. and Mrs. Elby Zimmerman, Jeffersonville; Mr. Sam Zimmerman, Barnesville.

Mrs. Resler's remains arrived from Columbus, Miss., on Saturday and were at the home of her sister, Mrs. Ashley Wood, until taken to the church Monday for the burial service.

## False Alarm

### Turned In

Monday evening at 7:40 a fire alarm was turned in from a residence on Ogle street, but before leaving the engine house it was ascertained that the alarm was a false one, the fire being a reflection of a burning trash pile, showing vividly from a neighboring window.

When the reflection was first noticed it appeared so realistic that the alarm was turned in, but a hurried investigation disclosed the illusion.

## FUNERAL OF MRS.

### LUCINDA RESLER.

Rev. T. W. Locke conducted impressive funeral services over all that was mortal of Mrs. Lucinda Resler at Grace M. E. church Monday afternoon.

There was a large attendance of family connections and friends, widely represented.

By special request Mrs. Mary Goldsby Burgett sang, "Face to Face," and a quartet, Misses Jane Saxton, Gladys Locke, Messrs. Maynard Craig, Ralph Strobel, sang two hymns, "On Jordan's Stormy Bank," a favorite of Mrs. Resler's, and "Asleep in Jesus."

Miss Light was the organist. The floral remembrances were very beautiful, a number sent from Mrs. Resler's last home in Columbus, Miss.

A long line of carriages accompanied the only son, Frank E. Resler, and his daughter, to the Washington cemetery for the interment.

Acting as pallbearers were: Messrs. George and Fletcher Zimmerman, of Jamestown; Mr. John David, Sabina; John Carr, Jeffersonville; Messrs. A. P. Kilgore and John Zimmerman, of this city.

Relatives who attended from a distance were: Mr. Fletcher Zimmerman and daughter, Miss Flo., Mr. and Mrs. George Zimmerman, Jamestown; Mr. and Mrs. John David, Mr. and Mrs. Grover David, Sabina; Mr. Clinton Plyley and sons, Edgar and Lindley, of Chillicothe; Mrs. Chas. Putnam, Frankfort; Mr. and Mrs. John Carr and daughter, Ruth; Mr. Wm. Wood and daughter, Maude, Mr. and Mrs. Elby Zimmerman, Jeffersonville; Mr. Sam Zimmerman, Barnesville.

Mrs. Resler's remains arrived from Columbus, Miss., on Saturday and were at the home of her sister, Mrs. Ashley Wood, until taken to the church Monday for the burial service.

## SPITTING ON SIDEWALKS.

A great many residents of Washington, some of them otherwise pretty good citizens, have forgotten that there are laws and ordinances forbidding spitting on sidewalks and street crossings.

Of all the filthy habits any way, that one of spitting on the sidewalks is entitled to the first place. There must be one cog in the make-up of any man, who permits himself to sink so low as to be guilty of indulging in it, that does not run just exactly true with the normal machinery.

There was a time when the anti-spitting crusade was yet new that the men who are so depraved as to spit on the sidewalks, were intimidated by the newspaper articles and the big placards conspicuously posted, calling attention to the laws forbidding spitting on the sidewalk and warning offenders of the extent of the penalty which would surely be visited upon them.

The first scare affects (for it must, in view of what has occurred since, be called a scare and not a good impression) are, very noticeably, wearing away and spitting on the sidewalks in Washington is by no means an infrequent occurrence these days. Indeed, the men who congest some of the street corners indulge their tendency in that regard to the limit, and ladies are often called upto to pick their way around filthy pools or, wade through.

It seems to be high time to have a few "noisy" looking placards printed and posted in prominent places and then after the warning has been duly given, if there are still those who persist in spitting on the sidewalks of the city, the strong arm of the law should reach out and lay hold of one or two offenders and, figuratively speaking, shake them until their teeth rattle.

It is time that this nuisance be abated, and if necessary, to the accomplishment of that end, let's have a few "horrible examples" put up in order that others of the same class may take warning.

## NUMBERING THE HOUSES.

By the way. Does any one around these parts know what has become of one large, full-grown plan to number the houses of Washington on the Philadelphia or block plan?

A few months ago there was considerable commotion raised as a result of the report of a government postoffice inspector who looked over this territory very carefully in an earnest effort to determine by just what method our city carriers were able to deliver mail throughout the city.

After lingering here several weeks the experienced inspector gave it up and concluded that our city carriers were either endowed with a fifth sense or had retained some of the old trail following habits of the Indian war times.

For fear, however, that the gifted scouts now attending to Uncle Sam's letter deliveries, might some day get down sick or get tired of their jobs and resign, it was earnestly recommended that some method of fixing house numbers and street addresses be devised so that any man who could read and speak the English language correctly might be able to find his way about the city—that there might be some plan adopted under which it would be possible to convey to others the knowledge of the exact whereabouts of the residences of the city.

As soon as this report was made the members of council and some of the other natives got busy all at once and we were going to fix things all up right off the reel, in apple pie order. The papers were enthusiastically filled by sympathetic reporters with glowing descriptions of the plan submitted, and which would, "unquestionably, be adopted." But the movement seems to have struck a snag somewhere and been brought up with a full stop.

There are many anxious citizens who are waiting along the road which leads forward but they have been unable to see anything of the numbering the houses plan which started out so briskly a few months ago. The anxious watchers can't even hear its footsteps and they fear it has fallen by the wayside.

Any public official having knowledge of this lost or mislaid movement will confer a favor on the community by bringing it out again and starting it along the road which leads to the desired destination.

What's the matter any way?

## Many Dangers From Handling Filthy Lucre

By C. B. RICHARDS

The treasurer of a Massachusetts bank is reported to have died of infection from handling bank notes. Death was caused by complications following blood poisoning. This incident calls attention in a tragic manner to the necessity for improving the condition of the bank notes in general circulation.

Some of the bills are so filthy that they are not fit to handle. The remedy for this condition is very simple.

All that is necessary is for the banks, trust companies and other financial institutions to retire the notes as they come in.

These notes should be sent to Washington and there redeemed for new ones. I understand that in England a dirty bank note is never seen, as they are retired as fast as they become soiled.

All the bank notes there are crisp and clean. The same condition could prevail everywhere if the dirty bank notes were retired soon enough.

## IN CHICAGO.

See Republicans in hosts  
In Chicago.  
Every one has some roasts  
In Chicago.  
If you'd view a gory sight,  
Go out where the boxers fight;  
Take a train and speed tonight  
To Chicago.

Roosevelt men his virtues bawl  
In Chicago.  
William's back is to the wall  
In Chicago.  
Someone jumps upon The Hat;  
Someone promptly knocks him flat.  
Oh, there'll be a lot of that

## WHY SCRATCH AND SUFFER?

Eczema Can Be Relieved by Soothing Application.

Try This Remedy at Our Risk. Skin troubles are often the most puzzling of all diseases, and physicians have been at their wits' end for years to treat them successfully. Meanwhile people scratch and suffer untold torments.

We now have a remedy, Saxon Salve, compounded for the two-fold purpose of healing the skin as soon as possible, and allaying at once the agonizing itching.

It is astonishing, even to us, to see how this new skin remedy of ours softens, soothes and heals the skin in all sorts of eruptive disorders such as eczema, barber's itch, ringworm and tetter. The itching stops in a few moments and the healing process begins so promptly that you can see improvement in a few days.

Saxon Salve is guaranteed to satisfy you in any case of skin trouble—or you get your money back. Blackmer & Tanquary, Druggists, Washington C. H., Ohio.

## "Scorcher" Fined By Bloomingburg Mayor

A trial which attracted considerable attention was held in Bloomingburg Monday afternoon when Irvin Harris, a young colored man living on the Bogus road, was tried for "burning up the pike" on his motorcycle while passing through Bloomingburg during the early part of May and for whom an affidavit was filed some time ago.

Harris is alleged to have broken the speed limit law with some time to spare, and when he was notified to appear before Mayor Creath he ignored the summons and succeeded in evading the charge until Saturday, when Marshal Gordon and Deputy Marshal Ed Evans went to the Harris home on the Bogus road and placed the man under arrest, being forced to draw a gun to make the arrest when others of the Harris fam-

ily started to take a hand in the proceedings.

It developed that Harris had been in Bloomingburg and had secreted his motorcycle in or near the cemetery, and this had been taken charge of by the marshal and held. This was a day or two before the arrest, it is claimed.

Harris was taken before Mayor Creath and arrangements made for the trial Monday morning. However it was Monday afternoon when he showed up, represented by Attorney Harry Rankin from this city, and the trial commenced at one o'clock and continued until three.

A stenographer took the evidence and after the testimony was all given a fine of \$10 and the costs was placed against the defendant, and his attorney took steps to carry the case to the Common Pleas court on error.

## Harmon Man Is Predicting Near Hundred On First Vote

Governor's Friends Declare He Will Have 96 on First Ballot.

Columbus, O., June 11.—Governor Harmon will have close to 100 votes on the first rollcall at the national Democratic convention at Baltimore, according to one of the local coterie of Harmon boosters, whose particular boast is that he foretold the Toledo vote on the first ballot within four of the correct figure. His opinion was the exact number would be 96, with a possibility of accessions before voting time.

All Harmon adherents insist that no one of the candidates will have anything like enough votes to nominate at first, and they are confident that their strength will increase with the lengthening of the days and that in the end victory will perch on their banner. Governor Harmon will not attend the convention in person.

## Makes Bid For Teddy In Orient

American Chinaman Says He Is Man to Handle Oriental Republic.

Cleveland, O., June 11.—"Roosevelt for China" is the slogan of the young Chinese. Quan Sing, Chinese interpreter in the Cleveland immigration office, is enthusiastic. He says his countrymen in America will urge that the strenuous one be called to China to take control of the situation in case of his defeat here this fall.

"I believe he would accept," Quan Sing said. "He is strenuous enough to handle the situation and the situation is strenuous enough to suit him. Wu Ting Fang, who will return to America shortly as ambassador, will put the matter up to him. I and my countrymen here hope he will accept. If we could make him president of the Chinese republic for a few years foreign aggressions would cease. He is the man China needs."

## Frankfort Men Start New Bank

Preliminary steps were taken Monday morning for another state bank at Frankfort in Ross county.

The organizers of the new bank are Jesse Mallow, Alfred Betts, Alfred and Charles Putnam, Dudley Briggs, Lynton and Fulton Hyde, all of Concord, and Peter J. Blosser of Chillicothe. The capital stock of the new bank is to be \$40,000.

The directors of the new bank some time ago secured options on several pieces of property and one of these is to be closed within the next few days. The officers and cashier of the new bank are to be agreed upon at a later day.

## HAVE YOU A BABY?

Every woman knows how imperatively necessary it is that baby's things should be absolutely and perfectly clean. She knows the trouble she has with common yellow soaps that leave the dirt in and often make the little garments harsh and irritating to baby's skin. Easy Task soap—you can get it of your grocer—is the quickest and safest cleanser made; it is antiseptic—and it reduces the work of washing by half.

## Man and Wife Both Draw Fines

John Patterson and his wife were arrested Monday and appeared before Mayor Smith Monday evening to face a charge of disorderly conduct, growing out of too much booze which is said to have resulted in a family squabble in which blows were struck.

The trouble is alleged to have taken place Sunday afternoon, and when they were arraigned they both entered pleas of guilty and were given \$25 and costs.

\$20 of each fine was suspended providing the remainder was paid and pending their good behavior. They eventually secured the necessary amount, paid it and went their way rejoicing. It is said they procured their liquor from Chillicothe.

## WHAT THE HAIR BRUSH SHOWS.

"You know they say, Grace, 'A hair in the head is worth twenty in the brush', and my hair was coming out in handfuls before I used Mrs. Mason's Old English Shampoo Cream."

Blackmer & Tanquary, our local druggists in Washington C. H. recommended it to me and said that it not only had unusual cleansing and antiseptic qualities, but it contains the extract of tonic herbs which when rubbed into the hair during the process of shampooing, stimulates the roots of the hair and makes it grow, and it really has accomplished wonders in my case. After using it my hair is so soft and fluffy it looks twice as thick as it really is."

"It is so easy to wash one's own hair with it and Blackmer & Tanquary are selling it at present for 25c a tube, enough for several shampoos, and guarantee to return your money if you don't like it."

## Quakers Increasing

Amid so many instances of the decline in the membership of religious denominations it is of interest to note that the Quakers are increasing in numbers. According to the figures for the year ended December 31, 1910, which have recently been issued, it appears that the membership of the London yearly meeting, which includes all members of the society in Great Britain and about 650 in the Antipodes, amounts to 19,522, an increase of 174 on the previous year. In America there are now 95,912 Friends, which is less than in the previous year, but 2,862 more than in 1900. There is a serious drop, however, in the year of 559 connected with American foreign mission stations, whereas there has been an increase of 335 in a total of 3,209 members at British foreign missionary centers. The total number of Quakers throughout the world is 124,484.

SPITTING ON SIDEWALKS.

A great many residents of Washington, some of them otherwise pretty good citizens, have forgotten that there are laws and ordinances forbidding spitting on sidewalks and street crossings.

Of all the filthy habits any way, that one of spitting on the sidewalks is entitled to the first place. There must be one cog in the make-up of any man, who permits himself to sink so low as to be guilty of indulging in it, that does not run just exactly true with the normal machinery.

There was a time when the anti-spitting crusade was yet new that the men who are so depraved as to spit on the sidewalks, were intimidated by the newspaper articles and the big placards conspicuously posted, calling attention to the laws forbidding spitting on the sidewalk and warning offenders of the extent of the penalty which would surely be visited upon them.

The first scare affects (for it must, in view of what has occurred since, be called a scare and not a good impression) are, very noticeably, wearing away and spitting on the sidewalks in Washington is by no means an infrequent occurrence these days. Indeed, the men who congest some of the street corners indulge their tendency in that regard to the limit, and ladies are often called upto to pick their way around filthy pools or wade through.

It seems to be high time to have a few "noisy" looking placards printed and posted in prominent places and then after the warning has been duly given, if there are still those who persist in spitting on the sidewalks of the city, the strong arm of the law should reach out and lay hold of one or two offenders and, figuratively speaking, shake them until their teeth rattle.

It is time that this nuisance be abated, and if necessary, to the accomplishment of that end, let's have a few "horrible examples" put up in order that others of the same class may take warning.

NUMBERING THE HOUSES.

By the way. Does any one around these parts know what has become of one large, full-grown plan to number the houses of Washington on the Philadelphia or block plan?

A few months ago there was considerable commotion raised as a result of the report of a government postoffice inspector who looked over this territory very carefully in an earnest effort to determine by just what method our city mail carriers were able to deliver mail throughout the city.

After lingering here several weeks the experienced inspector gave it up and concluded that our city carriers were either endowed with a fifth sense or had retained some of the old trail following habits of the Indian war times.

For fear, however, that the gifted scouts now attending to Uncle Sam's letter deliveries, might some day get down sick or get tired of their jobs and resign, it was earnestly recommended that some method of fixing house numbers and street addresses be devised so that any man who could read and speak the English language correctly might be able to find his way about the city—that there might be some plan adopted under which it would be possible to convey to others the knowledge of the exact whereabouts of the residences of the city.

As soon as this report was made the members of council and some of the other natives got busy all at once and we were going to fix things all up right off the reel, in applie pie order. The papers were enthusiastically filled by sympathetic reporters with glowing descriptions of the plan submitted, and which would, "unquestionably, be adopted." But the movement seems to have struck a snag somewhere and been brought up with a full stop.

There are many anxious citizens who are waiting along the road which leads forward but they have been unable to see anything of the numbering the houses plan which started out so briskly a few months ago. The anxious watchers can't even hear its footsteps and they fear it has fallen by the wayside.

Any public official having knowledge of this lost or mislaid movement will confer a favor on the community by bringing it out again and starting it along the road which leads to the desired destination.

What's the matter any way?

Many Dangers From Handling Filthy Lucre

By C. B. RICHARDS

These notes should be sent to Washington and there redeemed for new ones. I understand that in England a dirty bank note is never seen, as they are retired as fast as they become soiled.

All the bank notes there are crisp and clean. The same condition could prevail everywhere if the dirty bank notes were retired soon enough.

IN CHICAGO.

See Republicans in hosts  
In Chicago.  
Every one has some roasts  
In Chicago.  
If you'd view a gory sight,  
Go out where the boxers fight;  
Take a train and speed tonight  
To Chicago.

Roosevelt men his virtues bawl  
In Chicago.  
William's back is to the wall  
In Chicago.  
Someone jumps upon The Hat;  
Someone promptly knocks him flat.  
Oh, there'll be a lot of that  
In Chicago.

Delegates go grab for seats  
In Chicago.  
Soon will raise the howl of "Cheats!"  
In Chicago.  
There'll be war and lots of it  
When the National Commit.  
Picks the fellows who shall sit  
In Chicago.

Hear the shouts of "Liar!" there  
In Chicago!  
Yells of "Robber!" fill the air  
In Chicago.  
A. Carnegie, you who vow  
We must never have a row,  
Try a peace convention now  
In Chicago!

WHY SCRATCH AND SUFFER?  
Eczema Can Be Relieved by Soothing Application.

Try This Remedy at Our Risk.  
Skin troubles are often the most puzzling of all diseases, and physicians have been at their wits' end for years to treat them successfully. Meanwhile people scratch and suffer untold torments.

We now have a remedy, Saxon Salve, compounded for the two-fold purpose of healing the skin as soon as possible, and allaying at once the agonizing itching.

It is astonishing, even to us, to see how this new skin remedy of ours softens, soothes and heals the skin in all sorts of eruptive disorders such as eczema, barber's itch, ring-worm and tetter. The itching stops in a few moments and the healing process begins so promptly that you can see improvement in a few days.

Saxon Salve is guaranteed to satisfy you in any case of skin trouble—or you get your money back. Blackmer & Tanquary, Druggists, Washington C. H., Ohio.

"Scorcher" Fined By Bloomingburg Mayor

A trial which attracted considerable attention was held in Bloomingburg Monday afternoon when Irvin Harris, a young colored man living on the Bogus road, was tried for "burning up the pike" on his motorcycle while passing through Bloomingburg during the early part of May and for whom an affidavit was filed some time ago.

Harris is alleged to have broken the speed limit law with some time to spare, and when he was notified to appear before Mayor Creath he ignored the summons and succeeded in evading the charge until Saturday, when Marshal Gordon and Deputy Marshal Ed Evans went to the Harris home on the Bogus road and placed the man under arrest, being forced to draw a gun to make the arrest when others of the Harris family started to take a hand in the proceedings.

Harmon Man Is Predicting Near Hundred On First Vote

Governor's Friends Declare He Will Have 96 on First Ballot.

Columbus O., June 11.—Governor Harmon will have close to 100 votes on the first rollcall at the national Democratic convention at Baltimore, according to one of the local coterie of Harmon boosters, whose particular boast is that he foretold the Toledo vote on the first ballot within four of the correct figure. His opinion was the exact number would be 96, with a possibility of accessions before voting time.

All Harmon adherents insist that no one of the candidates will have anything like enough votes to nominate at first, and they are confident that their strength will increase with the lengthening of the days and that in the end victory will perch on their banner. Governor Harmon will not attend the convention in person.

Makes Bid For Teddy In Orient

American Chinaman Says He Is Man to Handle Oriental Republic.

Cleveland, O., June 11.—"Roosevelt for China" is the slogan of the young Chinese. Quan Sing, Chinese interpreter in the Cleveland immigration office, is enthusiastic. He says his countrymen in America will urge that the strenuous one be called to China to take control of the situation in case of his defeat here this fall.

"I believe he would accept," Quan Sing said. "He is strenuous enough to handle the situation and the situation is strenuous enough to suit him. Wu Ting Fang, who will return to America shortly as ambassador, will put the matter up to him. I and my countrymen here hope he will accept. If we could make him president of the Chinese republic for a few years foreign aggressions would cease. He is the man China needs."

Frankfort Men Start New Bank

Preliminary steps were taken Monday morning for another state bank at Frankfort in Ross county.

The organizers of the new bank are Jesse Mallow, Alfred Betts, Alfred and Charles Putnam, Dudley Briggs, Lynton and Fulton Hyde, all of Concord, and Peter J. Blosser of Chillicothe. The capital stock of the new bank is to be \$40,000.

The directors of the new bank some time ago secured options on several pieces of property and one of these is to be closed within the next few days. The officers and cashier of the new bank are to be agreed upon at a later day.

HAVE YOU A BABY?

Every woman knows how imperatively necessary it is that baby's things should be absolutely and perfectly clean. She knows the trouble she has with common yellow soaps that leave the dirt in and often make the little garments harsh and irritating to baby's skin. Easy Task soap—you can get it of your grocer—is the quickest and safest cleanser made; it is antiseptic—and it reduces the work of washing by half.

It developed that Harris had been in Bloomingburg and had secreted his motorcycle in or near the cemetery, and this had been taken charge of by the marshal and held. This was a day or two before the arrest, it is claimed.

Harris was taken before Mayor Creath and arrangements made for the trial Monday morning. However it was Monday afternoon when he showed up, represented by Attorney Harry Rankin from this city, and the trial commenced at one o'clock and continued until three.

A stenographer took the evidence and after the testimony was all given a fine of \$10 and the costs was placed against the defendant, and his attorney took steps to carry the case to the Common Pleas court on error.

Man and Wife Both Draw Fines

John Patterson and his wife were arrested Monday and appeared before Mayor Smith Monday evening to face a charge of disorderly conduct, growing out of too much booze which is said to have resulted in a family squabble in which blows were struck. The trouble is alleged to have taken place Sunday afternoon, and when they were arraigned they both entered pleas of guilty and were given \$25 and costs.

\$20 of each fine was suspended providing the remainder was paid and pending their good behavior. They eventually secured the necessary amount, paid it and went their way rejoicing. It is said they procured their liquor from Chillicothe.

WHAT THE HAIR BRUSH SHOWS.

"You know they say, Grace, 'A hair in the head is worth twenty in the brush', and my hair was coming out in handfuls before I used Mrs. Mason's Old English Shampoo Cream."

Blackmer & Tanquary, our local druggists in Washington C. H. recommended it to me and said that it not only had unusual cleansing and antiseptic qualities, but it contains the extract of tonic herbs which when rubbed into the hair during the process of shampooing, stimulates the roots of the hair and makes it grow, and it really has accomplished wonders in my case. After using it my hair is so soft and fluffy it looks twice as thick as it really is."

"It is so easy to wash one's own hair with it and Blackmer & Tanquary are selling it at present for 25c, a tube, enough for several shampoos, and guarantee to return your money if you don't like it."

Quakers Increasing

Amid so many instances of the decline in the membership of religious denominations it is of interest to note that the Quakers are increasing in numbers. According to the figures for the year ended December 31, 1910, which have recently been issued, it appears that the membership of the London yearly meeting which includes all members of the society in Great Britain and about 650 in the Antipodes, amounts to 19,522, an increase of 174 on the previous year. In America there are now 95,912 Friends, which is less than in the previous year, but a serious drop, however, in the number of 559 connected with American foreign mission stations, whereas there has been an increase of 335 in a total of 3,209 members at British foreign missionary centers. The total number of Quakers throughout the world is 124,484.

# THE SUNNY SOUTH IS A SURE WINNER SAYS FRANK E. RESLER

Mr. Frank E. Resler, a former Washington boy who located in the South several years ago, is one of the busiest young men in that promising country. Mr. Resler is now, and has been for some time agent in the land and industrial departments of the Southern Railway, the Mobile and Ohio and the Southern Railway Company in Mississippi, with headquarters at Columbus, Miss.

It is a very responsible position and Mr. Resler has made a record highly pleasing to his three employers. He is constantly in touch with people all over the country who are attracted by the resources and possibilities of the sunny South, and particularly Mississippi and Alabama. Mr. Resler has so thoroughly mastered the situation that he knows practically every foot of the land in this immense territory and can direct advantageously the thousands who are continually wanting information to assist them in selecting a location.

Mr. Resler says that the Mississippi and Alabama country is rapidly undergoing transformation and that a steady stream of new residents is pouring in. He particularly favors the Prairie country in eastern Mississippi and western Alabama, which

looks a great deal like out own country of Fayette.

Macadamized roads are being built and the farms are being dotted with substantial homes.

Cotton, corn and alfalfa do particularly well and stock raising is very simple and profitable.

Lands are valued at from \$35 per acre up and sell readily. He says the markets of the North are good and predicts unbelievable growth in agriculture and all lines of business in the next few years.

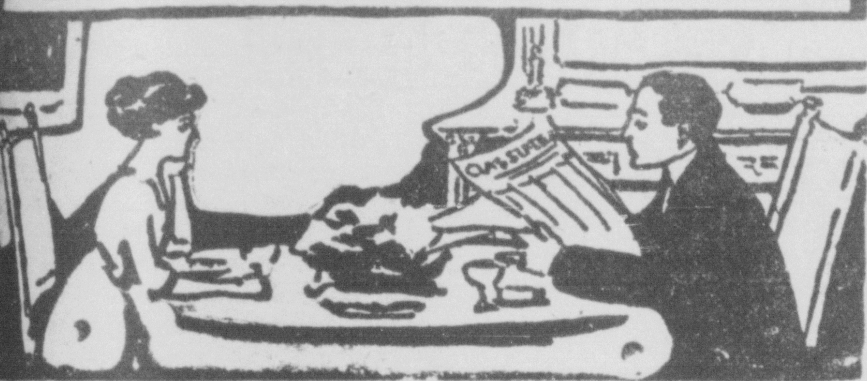

Corn at present is selling at \$1.25 per bushel and alfalfa at \$32 per ton.

## New Tenants In Judy Block

With tomorrow practically all of the new tenants will be located in the Judy Block.

W. O. Dehart, E. J. Light and Allen & Allen have moved into the office rooms up-stairs, and tomorrow Miss Lulu Theobald will move her stock of millinery and fixtures into the newly finished room where the store was formerly located.

Mr. Leland Hains has returned from Miami University, Oxford, Ohio, to spend the summer vacation with his parents, Mr. and Mrs. W. W. Haines.

Mr. Oscar Vallery, of Derby, Ohio, was a visitor here Thursday. While here, Mr. Vallery purchased of Mr. Acton Allemang, a very promising 2-year-old trotting colt by Bay Wreath, dam Waitress by Egotist 2:21 1-4; grand dam by Director 2:17; third dam by Princess, that should develop into a useful individual. He is a full brother to the fast 4-year-old trotting filly, Miss Phillips, that trialed the past season in 2:20 1-4, and has already stepped a mile this season in 2:24, with a limited amount of training. Mr. Vallery is training 11 head of horses at his Sylvan Park farm, and from all reports he will be out with some high-class campaigners for the 1912 season.

### PILES DISAPPEAR.

So Does Eczema, Salt Rheum, Ulcers, Old Sores and Carbuncles.

Under the influence of San Cura Ointment surprising cures are made so quickly that they seem like miracles.

Stubborn cases of piles like those of Rev. W. F. Gilbert of Titusville, Pa., vanish before the marvelous antiseptic Ointment. Mr. Gilbert writes:

"For twenty years I suffered with bleeding and itching piles; at times I was confined to the house for more than a month. Two years ago I began using San Cura Ointment and one 50c jar made a firm and permanent cure. I have not been troubled since."

San Cura Ointment is guaranteed by Brown's Drug Store, who is the agent in Washington C. H., Ohio, to cure any of the above named diseases or money back. It instantly kills all pain from burns, cuts and bruises, draws out the poison and heals in a short time. 25 cents and 50 cents a jar at Brown's Drug Store.

### GOOD BABY SOAP.

San Cura is a healing and antiseptic soap; just the soothing kind that baby needs. It frees the pores from all impurities and prevents fevers, rashes and other infantile diseases. Best for anyone's skin, cures pimples and blackheads, cleans the complexion. 25 cents a large cake at Brown's Drug Store.

Mail orders for San Cura Ointment and Soap filled by Thompson Medical Co., Titusville, Pa.

### Madison Mills

Without rain for a few days, the crops are beginning to suffer.

Mrs. J. W. Hornbeck has been ill for several days but is improving.

Arrangements are being made for the commencement of Madison township Patterson-Boxwell graduates. Date will be announced later.

Quite a number attended K. of P. Memorial at Bloomington Sunday. Mr. and Mrs. Mart Armstrong have moved into their new home.

Some thought was entertained of opening a pharmacy in our village, but after the week spent here by the Gibson show, enough panacea dope scattered to cure all the pains and aches for the next decade.

Sunday visitors: E. W. Douglas and family with Mr. and Mrs. Asa Douglas; Messrs. Frank P. Dorn and Ralph Linkehart with their families with Mrs. McCarthy; Nettie Baldwin with Mrs. Hilsheimer; Mr. and Mrs. C. E. Hopkins and Mr. and Mrs. Jacob Hilsheimer, with B. F. Cook; Mr. and Mrs. Carl Hughes with Mr. and Mrs. Frank Hughes.

### ELECTION OF LODGE OFFICERS.

At the recent election of officers of Vance Lodge, K. of P., the following officers were elected for the ensuing term:

C. C. H. F. Warner; V. C. Dwight King; Prelate, E. L. Noble; M. of W., E. J. King; M. at A., Samuel Hilsheimer; I. G., W. E. Storts; O. G., Will Hopkins.

Wood Legislated Out. Washington, June 11.—The senate, by accepting the conference report on the army appropriation bill, practically legislated Major General Leonard Wood out of office as chief of staff after March 4, 1913. Furthermore, the report adopted by the senate, if finally put on the statute books, will prevent General Wood from ever again becoming chief of staff.

# THE SUNNY SOUTH IS A SURE WINNER SAYS FRANK E. RESLER

Frank E. Resler, a former Washington boy who located in the country several years ago, is one of the youngest men in that promising country. Mr. Resler is now, and has been for some time agent in land and industrial departments of the Southern Railway, the Mobile and Ohio and the Southern Railway in Mississippi, with headquarters at Columbus, Miss.

Mr. Resler is a very responsible position in a very responsible position. He is constantly in touch with all over the country who are attracted by the resources and possibilities of the sunny South, and particularly Mississippi and Alabama. Mr. Resler has so thoroughly mastered the situation that he knows practically every foot of the land in the immense territory and can direct advantageously the thousands who are continually wanting information to assist them in selecting a location.

Mr. Resler says that the Mississippi Alabama country is rapidly undergoing transformation and that a steady stream of new residents is coming in. He particularly favors the Prairie country in eastern Mississippi and western Alabama, which

## THE FLY CAMPAIGN IS NOW ON

(Copyright.)

## All Pulling Together For One-cent Postage

Hundreds of commercial bodies, chambers of commerce, boards of trade, and national associations, as well as thousands of business houses have endorsed the campaign for one cent letter postage. A bill providing for the lower rate has been introduced in congress and is being supported by the National One Cent Letter postage Association, which has its headquarters in Cleveland, Ohio.

Several score of chambers of commerce and boards of trade have come out in favor of the movement.

Not only the commercial bodies of the United States, but many of the big national associations of business men have gone on record endorsing the lower rate. Among these important organizations are The National Hardware Association, The National Supply and Machinery Dealers' Association, The National Dry Goods Association, The National Wholesale Lumber Dealers' Association, The National Grocers' Association, The National Shoe Wholesalers' Association, and The State Grocers' Association of Illinois and Ohio and a large number of other organizations.

The hardware dealers of the country have expressed themselves particularly strong on the subject, every state and retail hardware association throughout the United States, as well as the national retail hardware associations and the national hardware jobbers association having gone on record for cheaper postage.

In addition to the campaign being endorsed by ever bank in Cleveland, the headquarters of the association and those of large cities, the Illinois, North Carolina, Wisconsin Bankers' and many other similar associations have come out favoring one cent letter postage.

Scores of other miscellaneous business organizations in every state in the union have had the matter presented to them and have passed favorably upon it. In addition to this, several hundred business men are conducting campaigns on their own stationery, urging their friends to support this movement for one cent letter postage.

The association, while seeking a one cent rate is also strongly in favor of better compensation for post office employees, the establishment of a retirement fund for aged employees both of which reforms would result in better service for the department.

Many prominent financiers and politicians, as well as government officials are backing the movement for one-cent letter postage. These include President Taft, Postmaster General Hitchcock and his various assistants, Senator Theodore E. Burton, and Representative John W. Weaver, who introduced the bill for one cent letter postage in congress. Vigorous efforts are to be made to have the bill passed upon at as early a date as possible.

Hundreds of newspapers, magazines, trade periodicals and house organs located in almost every county of every state in the union have given loyal support to the movement for lower postage by publishing articles concerning the progress of the work. Many of these publications have come out editorially in favor of the movement and it is believed that the time is almost ripe for the lower postage rate.

James J. Britt, Third Assistant Postmaster General, who is in charge of first class mail matter carried by the department throughout the United States, strongly favors the lower rate.

"In my judgment," says Mr. Britt, "a readjustment of postal rates, so that each class of mail matter shall pay cost of service, will make possible, not only one cent letter postage but also many improvements in the postal service."

sible, not only one cent letter postage but also many improvements in the postal service."

## DOCTORS KNOW SOAP.

Ask your family physician what he thinks about a laundry soap that is made of borax, coconut oil, clean tallow and naphtha. He'll tell you such a soap will be cleansing, sterilizing and antiseptic. That means that it will not only make your clothes sweet and clean, but that it will also save you from the dangers of contagion that lie in common soaps. Easy Task soap is the only one that would fill his prescription.

## MAN COUGHS AND BREAKS RIBS.

After a frightful coughing spell a man in Neenah, Wis., felt terrible pains in his side and his doctor found two ribs had been broken. What agony Dr. King's New Discovery would have saved him. A few teaspoonfuls ends a late cough, while persistent use routs obstinate coughs, expels stubborn colds or heals weak, sore lungs. "I feel sure it's a Godsend to humanity," writes Mrs. Effie Morton, Columbia, Mo., "for I believe I would have consumption today, if I had not used this great remedy." Its guaranteed to satisfy, and you can get a free trial bottle or 50-cent or \$1.00 size at Lackner & Tanquary.

## New Farmers And Homemakers

Forty-one counties of Ohio and five different states are represented in the senior class of the College of Agriculture, Ohio State University, which will receive degrees at the regular University commencement, June 12.

Those graduating in agriculture and domestic science in Fayette county are: Walter E. McCoy, Washington C. H. Domestic Science; Mina Rowe, Washington C. H.

## Corn Originator

Mr. G. H. Graves, of Haworth, Ill., was the guest of Mr. and Mrs. John Thuma, Sunday. He has been visiting friends at Washington C. H., and on Monday morning left for Oxford, where a sister resides. Mr. Graves has the distinction of originating the Graves Yellow Dent corn, which is in great demand. He sold this spring 1,280 bushels of seed corn of this strain of Yellow Dent, at \$4.00 per bushel, with 1,300 bushels still on hand. He is an acknowledged expert when it comes to corn and corn raising.

## Will Stump For Proposals.

Columbus, O., June 11.—Home rule for cities will lure from their homes three of the best-known mayors of Ohio cities, all of whom have agreed to take the stump during August in behalf of this and some others of the 22 proposed amendments to the Ohio constitution. They are Newton D. Baker of Cleveland, Henry T. Hunt of Cincinnati and Brand Whitlock of Toledo.

## Goes Back to Ring.

Canton, O., June 11.—Jack Cardiff, who quit as Y. M. C. A. boxing instructor last January after being converted by Billy Sunday, will enter the ring again July 3. He intended to become an evangelist, but had to go back to prizefighting to make a living. However, he will continue to study to become an evangelist.

## "Father's Day" Next Sunday

There is a "Father's Day," too. Mrs. John Bruce Dodd of Spokane is the author of this idea. Mrs. Dodd made her proposition to establish and observe Father's Day in 1909. The next year there the Y. M. C. A. gave the proposition general endorsement. The mayor of the city and the governor of the state followed with their approval of the proposition.

Next Sunday is the day selected for such observance. The Rev. Conrad Bluhm, pastor of a church in Spokane, who will preach a sermon appropriate for the day, says it is to support the sacredness of the marriage relation, inculcate gallantry to wifehood, preserve the family altar, the family table, the family pew, the family carriage, the chum-like relation between father and son and the golden rule between man and man.

A red carnation will be the mark of respect for father next Sunday.

## MEATS FOR THE CHAFING DISH.

There are so many delightful and appetizing dishes of different kinds of meats that are so nicely served from the chafing dish.

**Rechauffe of Beef.**—Brown two tablespoonfuls of butter, add three tablespoonfuls of flour, and when well browned pour on gradually one cup of stock. Season with one-fourth of a teaspoon of paprika and a few drops of onion juice and a half teaspoon of salt. Add a cup of rare cooked beef, finely chopped. Cook one minute and serve.

**Hash Balls.**—Chop cold corned beef, cooked, and which has had the gristle and most of the fat removed. Add an equal quantity of cold boiled potatoes, chopped and seasoned with salt, pepper and onion juice. Moisten with milk or cream, make in flat cakes and cook in a hot buttered blazer. Brown on both sides.

**Vienna Steaks.**—Chop one-fourth of a pound each of raw lean beef and veal, removing all the fat and membrane. Season with three-fourths of a teaspoon of salt, one-fourth of a teaspoon of paprika, a little celery salt, a few gratings of nutmeg, a teaspoonful each of lemon and onion juice. Add one egg, well beaten; let stand several hours, then shape into small steaks. Put into the hot buttered blazer and sear on both sides. Cook six to eight minutes, turning frequently.

**Deviled Almonds.**—Blanch and shred a half cup of almonds. Cook until brown, using enough butter to prevent burning. Mix two tablespoonfuls of chopped pickles, a tablespoonful of Worcestershire sauce, a fourth of a teaspoon of salt, and a little cayenne.

**Bean Rabelet.**—Melt two tablespoonfuls of butter, add one teaspoon of salt, paprika and a cup of cold baked beans, mashed; add one-half cup of milk or cream. When thoroughly hot add a half cup of grated cheese.

## Most Beautiful Building

Admittedly the most beautiful building in the world, the Taj Mahal, one mile east of Agra, India, is visited yearly by many thousands of tourists. It is a white marble mausoleum built by Shah Jahan as a burial place for his favorite wife, who died in 1629. It is said to have occupied twenty-two years in building and its cost is variously stated at from \$9,000,000 to \$60,000,000. The building is octagonal, surmounted by a dome and flanked by four graceful minarets. In the central chamber, above a vault containing the bodies of the emperor and his wife, are two cenotaphs surrounded by a fine marble screen.

## THE FLY CAMPAIGN IS NOW ON

(Copyright.)

## All Pulling Together For One-cent Postage

Hundreds of commercial bodies, chambers of commerce, boards of trades, and national associations, as well as thousands of business houses have endorsed the campaign for one cent letter postage. A bill providing for the lower rate has been introduced in congress and is being supported by the National One Cent Letter Postage Association, which has its headquarters in Cleveland, Ohio.

Several scores of chambers of commerce and boards of trade have come out in favor of the movement.

Not only the commercial bodies of the United States, but many of the big national associations of business men have gone on record endorsing the lower rate. Among these important organizations are The National Hardware Association, The National Supply and Machinery Dealers' Association, The National Dry Goods Association, The National Wholesale Lumber Dealers' Association, The National Grocers' Association, The National Shoe Wholesalers' Association, and The State Grocers' Association of Illinois and Ohio and a large number of other organizations.

The hardware dealers of the country have expressed themselves particularly strong on the subject, every state and retail hardware association throughout the United States, as well as the national retail hardware associations and the national hardware jobbers association having gone on record for cheaper postage.

In addition to the campaign being endorsed by ever bank in Cleveland, the headquarters of the association and those of large cities, the Illinois, North Carolina, Wisconsin Bankers' and many other similar associations have come out favoring one cent letter postage.

Scores of other miscellaneous busi-

ness organizations in every state in the union have had the matter presented to them and have passed favorably upon it. In addition to this, several hundred business men are conducting campaigns on their own stationery, urging their friends to support this movement for one cent letter postage.

The association, while seeking a one cent rate is also strongly in favor of better compensation for post office employees, the establishment of a retirement fund for aged employees both of which reforms would result in better service for the department.

Many prominent financiers and politicians, as well as government officials are backing the movement for one cent letter postage. These include President Taft, Postmaster General Hitchcock and his various assistants, Senator Theodore E. Burton, and Representative John W. Weeks, who introduced the bill for one cent letter postage in congress. Vigorous efforts are to be made to have the bill passed upon at as early a date as possible.

Hundreds of newspapers, magazines, trade periodicals and house organs located in almost every county of every state in the union have given loyal support to the movement for lower postage by publishing articles concerning the progress of the work. Many of these publications have come out editorially in favor of the movement and it is believed that the time is almost ripe for the lower postage rate.

James J. Britt, Third Assistant Postmaster General, who is in charge of first class mail matter carried by the department throughout the United States, strongly favors the lower rate.

"In my judgment," says Mr. Britt, "a readjustment of postal rates, so that each class of mail matter shall pay cost of service, will make pos-

sible, not only one cent letter postage but also many improvements in the postal service."

### DOCTORS KNOW SOAP.

Ask your family physician what he thinks about a laundry soap that is made of borax, cocoanut oil, clean tallow and naphtha. He'll tell you such a soap will be cleansing, sterilizing and antiseptic. That means that it will not only make your clothes sweet and clean, but that it will also save you from the dangers of contagion that lie in common soaps. Easy Task soap is the only one that would fill his prescription.

### MAN COUGHS AND BREAKS RIBS.

After a frightful coughing spell a man in Neenah, Wis., felt terrible pains in his side and his doctor found two ribs had been broken. What agony Dr. King's New Discovery would have saved him. A few teaspoonfuls ends a late cough, while persistent use routs obstinate coughs, expels stubborn colds or heals weak, sore lungs. "I feel sure it's a Godsend to humanity," writes Mrs. Effie Morton, Columbia, Mo., "for I believe I would have consumption today, if I had not used this great remedy." Its guaranteed to satisfy, and you can get a free trial bottle or 50-cent or \$1.00 size at Mackmer & Tanquary.
